Subject Index

In general, subject headings are based on the National Library of Medicine's Medical Subject Headings (MeSH) used in *Index Medicus*. Some additional headings are used for greater specificity in the psychiatric field.

Academic medical centers. See State-university collaboration

Accidental falls

A retrospective cohort study of falls in a psychiatric inpatient setting, July 714-720

Accreditation, standards

Quality of care and accreditation status of state psychiatric hospitals, Oct 1060-1061

Achievement Awards

Gold Award: A national program supporting

mental health services for Native Americans—Mental Health Programs Branch, Indian Health Service, US Public Health Service, Oct 1049–1053

Significant Achievement Award: Comprehensive mental health services for deaf people with major mental illness—Thresholds Bridge Program for the Hearing Impaired, Oct 1057–1058. Also see Correction (phone number), Nov 1177

Significant Achievement Award: Empowering clients in a residential rehabilitation program—Institute for Community Living, Inc, Brooklyn, New York, Oct 1054–1055

Significant Achievement Award: Psychiatric services for New York City's homeless population—Task Force on Voluntary Services to the Homeless, New York County District Branch, American Psychiatric Association, Oct 1058–1059

Significant Achievement Award: A self-help organization for nervous and former mental patients—Recovery, Inc, Chicago, Oct 1055–1057

Acquired immune deficiency syndrome (AIDS)

Changing the behavior of an HIV-seropositive man who practices unsafe sex (treatment planning), Mar 239–240, 264

Characteristics of patients attending an HIV-related psychiatric clinic, June 615–619

HIV seroconversion (letter), Nov 1172–1173

Inpatient psychiatric morbidity of HIV-infected soldiers, June 619–623

Treating a man with needle phobia who requires daily injections of medication (treatment planning), Sept 877–878

Adolescent psychiatry. See Child psychiatry, adolescent psychiatry

Adolescents

Seven-year follow-up of an adolescent volunteer program in a psychiatric hospital, June 632–633

Affective disorders

Bipolar disorder associated with an acoustic neuroma (unusual case report), Dec 1258–1260

"Cocooning": a clinical sign of depression in geriatric patients, Aug 845–846

Combined therapy for a 30-year-old woman with early-onset dysthymia (treatment planning), Nov 1103–1104

Dealing with writer's block in an older man: depression, Parkinson's disease, or both? (treatment planning), Jan 19–20, 24

Depressive symptoms among elderly residents of public housing: a follow-up study, Jan 83–84

Do benzodiazepines cause depression? (psychopharmacology), Nov 1101–1102

Hypomania and elation: a diagnostic dilemma (unusual case report), Jan 90–91

Integrated treatment of a woman with chronic hand pain (treatment planning), May 474–475

Melancholia and orders to restrict resuscitation (unusual case report), Feb 189–191

Parkinson's disease, depression, and chronic

pain (unusual case report), Nov 1162–1163

Problems in the treatment of depressed elderly persons in an outreach program, Oct 1066–1068

Refining the concept of dysthymia (DSM-IV in progress), Sept 892–893, 896

Schizoaffective disorders (letter), July 755–756

Substance use disorders in patients with chronic fatigue, Sept 924–928

Aftercare

Encouraging patients to comply with aftercare (ideas), Jan 112

Noncompliance in community psychiatry: a review of clinical interventions, Mar 282–287

A survey of hospitals in New York State treating psychiatric patients with chemical abuse disorders, Dec 1215–1220

Alcohol abuse, treatment. Also see Dual diagnosis

Correlates of problem drinking among homeless men, July 721–725

Inpatient treatment of adolescents with psychiatric and substance abuse disorders, Sept 894–896

National survey of alcohol, drug units shows most clients are treated in combined units, July 759–760

Reliability of self-reports of alcohol use by community clients, Apr 406–408

Undetected abuse among intensive case management clients, May 499–503

Wife assault among VA alcohol rehabilitation patients, Jan 74–79

American Psychiatric Association

APA task force calls for strengthened health and economic supports for homeless families, July 760–761

Lawrence Hartmann is 120th APA president; Joseph T English is chosen president-elect, June 657

The Pew Project: a national effort to improve state-university collaborations, Jan 70

Surveys by APA find sharp decline in private practice as primary work site for psychiatrists, Nov 1183–1184

Three receive APA's distinguished service award; other individuals, groups honored, June 658–660

Why psychiatric residents join professional organizations, Jan 88–90

Anxiety disorders

Diagnostic criteria for obsessive-compulsive disorder (DSM-IV in progress), July 679–680, 684. Also see Obsessions and compulsions (letter, reply), Dec 1261–1262

Pilot outreach services to homebound agoraphobic patients, Mar 315–317

Psychodynamic treatment of panic: three case histories, Mar 311–312

Treating a man with needle phobia who requires daily injections of medication (treatment planning), Sept 877–878

Architecture, design

Architectural guidelines for state psychiatric

hospitals, July 705–707

Designing mental health facilities: an interactive process, Mar 305–308

Assaults. See Violence, aggression

Attention-deficit hyperactivity disorder

Summer day treatment for children with attention-deficit hyperactivity disorder, Apr 422–424

Attitude

Attitudes of sheltered care residents toward others with mental illness, Nov 1138–1143

Patterns of contact of patients' families with mental health professionals and attitudes toward professionals, Sept 929–935

Psychiatrists' attitudes toward prescribing medication for patients treated by non-medical psychotherapists, Mar 276–280

Quality of life of seriously mentally ill persons in Mississippi, July 752–755

Voluntary or involuntary status of 50 adolescent inpatients, Oct 1062–1063

Audiovisual reviews. See Reviews, audiovisuals

Autism

Autism and the pervasive developmental disorders (DSM-IV in progress), Jan 33–35

Behavior therapy

A biobehavioral model for hospital psychiatry in an era of increasing regulation and cost containment, Feb 166–170. Also see The inpatient-outpatient gap (letter, reply), Sept 957

Pilot outreach services to homebound agoraphobic patients, Mar 315–317

Reduced frequency of aggressive behavior in forensic patients in a social learning program, July 750–752

Treating a man with needle phobia who requires daily injections of medication (treatment planning), Sept 877–878

Using written communication with patient groups to promote behavioral change in chronic mentally ill patients, Mar 302–304

Book reviews. See Reviews, books

Borderline personality disorder

Assessment and diagnosis of borderline personality disorder, Oct 1021–1028

Biological and pharmacological aspects of borderline personality disorder, Oct 1029–1033

Borderline personality disorder: an introduction, Oct 1014

Epidemiology of borderline personality disorder, Oct 1015–1021

Group and family treatments for borderline personality disorder, Oct 1038–1043

Standardized approaches to individual psychotherapy of patients with borderline personality disorder, Oct 1034–1038

Caffeine

Caffeine consumption in patients with eating

disorders, Mar 313-315
Changes in behaviors of inpatients after a ban on the sale of caffeinated drinks, Jan 84-85.
Also see Caffeine and aggression (letter, reply), June 637-639

Calendar

Calendar of mental health activities, Jan 36-37, Feb 126, 130, Mar 270-271, Apr 366-367, May 454, 470, June 582-583, July 690, 693, Aug 792, Sept 882, 897, Oct 996, 1080, Nov 1094, 1107, Dec 1198, 1213

Career choice

Entry-level compensation for psychiatrists (economic grand rounds), Oct 1003-1005
Highlights of the 42nd Institute on Hospital and Community Psychiatry (special report), Jan 11-17
Hospital-based multidisciplinary training in the care of seriously mentally ill patients, Jan 60-61
The Maryland Plan: the rest of the story, Jan 52-55. Also see The Maryland Plan (letter), July 757
The program for public psychiatry: state-university collaboration in Colorado, Jan 44-48
State-university collaboration in child and adolescent psychiatry, Jan 56-59
State-university collaboration: next steps (taking issue), Jan 5
Virginia state-university program honored for exemplary collaboration, Jan 72-73

Case management. See Patient care management, planning

Certificate of need

Developing new certificate-of-need regulations for inpatient care of children in New York State, Aug 829-833

Child abuse

AACAP guidelines on sexual abuse stress thorough evaluation, May 545-546
Child abuse and neglect a national emergency, US advisory board declares in first report, Jan 101-102
Undetected abuse among intensive case management clients, May 499-503

Child custody

States' use of transfer of custody as a requirement for providing services to emotionally disturbed children, May 526-530. Also see Transfer of care (letter, reply), Oct 1071-1072

Child development disorders

Almost 20 percent of American children have psychological, learning problems, survey finds, Apr 438-439
Autism and the pervasive developmental disorders (DSM-IV in progress), Jan 33-35

Child psychiatry, adolescent psychiatry
AACAP guidelines on sexual abuse stress thorough evaluation, May 545-546
Almost 20 percent of American children have

psychological, learning problems, survey finds, Apr 438-439

Anticholinergic psychosis in children: a case report (unusual case report), Feb 191-193

Autism and the pervasive developmental disorders (DSM-IV in progress), Jan 33-35

Changes in psychiatric inpatient treatment of children and youth in general hospitals: 1980-1985, June 601-604

A checklist of hospitalization criteria for use with children, Aug 823-828

Developing new certificate-of-need regulations for inpatient care of children in New York State, Aug 829-833

Establishing links between residential placements for youths and prisons for adults (alcohol & drug abuse), Dec 1203-1204, 1206

Highlights of the 42nd Institute on Hospital and Community Psychiatry (special report), Jan 11-17

Increased mental health costs attributed to inpatient care of substance abusers, juveniles, Mar 328-329

Inpatient treatment of adolescents with psychiatric and substance abuse disorders, Sept 894-896

A model for predicting discharge against medical advice from adolescent residential treatment, July 725-728

Oppositional defiant disorder and conduct disorder (DSM-IV in progress), Nov 1099-1100, 1102

Residential cases in children's treatment centers decline in 1988; outpatient and partial care climb, Dec 1267

State-university collaboration in child and adolescent psychiatry, Jan 56-59

States' use of transfer of custody as a requirement for providing services to emotionally disturbed children, May 526-530. Also see Transfer of care (letter, reply), Oct 1071-1072

Summer day treatment for children with attention-deficit hyperactivity disorder, Apr 422-424

Therapeutic foster care for preschool children (ideas), Sept 976

Treatment protocols in child and adolescent day treatment, June 597-600

Voluntary or involuntary status of 50 adolescent inpatients, Oct 1062-1063

Child welfare

Child abuse and neglect a national emergency, US advisory board declares in first report, Jan 101-102

Highlights of the 42nd Institute on Hospital and Community Psychiatry (special report), Jan 11-17

States' use of transfer of custody as a requirement for providing services to emotionally disturbed children, May 526-530. Also see Transfer of care (letter, reply), Oct 1071-1072

Therapeutic foster care for preschool children (ideas), Sept 976

Chronic patients. Also see Dual diagnosis; Residential facilities; and Schizophrenia
Characteristics of patients who are resistant to deinstitutionalization, July 745-748
Characteristics of seriously mentally ill adults

in a public mental health system, May 518-525

Chronic mentally ill persons (letter, reply), Jan 96

Community psychiatry's changing role (the chronic patient), June 573-574

Community treatment for the chronically mentally ill (taking issue), Feb 117

Combining approaches to care (letter), Sept 956-957

Continuous care teams in intensive outpatient treatment of chronic mentally ill patients, May 503-507

Defining the meaning of "in the community" (taking issue), Dec 1197

Empowering clients in a residential rehabilitation program, Oct 1054-1055

Evaluation of a Maryland fiscal incentive plan for placing state hospital patients in nursing homes, Dec 1228-1233

Factors associated with multiple readmissions to an urban public psychiatric hospital, Jan 85-87

Hospital-based multidisciplinary training in the care of seriously mentally ill patients, Jan 60-61

Housing for homeless mentally ill veterans (ideas), Jan 112

Mental health consumers as case management aides, May 494-498

Mental health needs of rural homeless African Americans (taking issue), Oct 981

Methodology for evaluating the Monroe-Livingston capitation system, Sept 913-919

The moral of clozapine (taking issue), Aug 773

Operation Desert Storm and delusions about the war among chronic patients in the community, Apr 419-420

Perspectives on work and rehabilitation (the chronic patient), Sept 890-891

Planning high-quality services (the chronic patient), Mar 268-269

Prevalence of tardive dyskinesia among three ethnic groups of chronic psychiatric patients, June 590-592

Quality of life of seriously mentally ill persons in Mississippi, July 752-755

The quiet success of the national plan for the chronically mentally ill, Sept 899-905

Readmission patterns of frequent users of inpatient psychiatric services, Nov 1166-1167

Reduced frequency of aggressive behavior in forensic patients in a social learning program, July 750-752

Research key element of plan to improve services for severely mentally ill persons, Sept 963-964

The RWJ initiative (letter, reply), Apr 428-429

Services for families of people with mental illness (special report), Mar 262-264

Sexual behavior of hospitalized chronic psychiatric patients, Aug 855-856

States report delays in implementation of mental health plans, Jan 102-103

A supported education program for young adults with long-term mental illness, Aug 838-842

The 13th principle (the chronic patient), Dec 1205-1206

Treatment cost and rehospitalization rate in

schizophrenic outpatients with a history of substance abuse, June 609-614
Using written communication with patient groups to promote behavioral change in chronic mentally ill patients, Mar 302-304
Utility of a symptom checklist for detecting physical disease in chronic psychiatric patients, May 531-533

Clozapine

Clozapine's cost-benefits (letters, reply), Jan 92-94
Hypersalivation and clozapine (letter), Nov 1174
Lessons from clozapine (letter), May 537-538
Medicaid programs ordered to pay for clozapine treatment, Aug 862
The moral of clozapine (taking issue), Aug 773
One-year follow-up of 24 patients in a clinical trial of clozapine, June 628-629
Sandoz guidelines for clozapine monitoring called too restrictive, May 545. Also see Cost of monitoring clozapine (letter), Sept 955-956
Sandoz to unbundle clozapine from CPMS, Jan 101

Combat disorders

Prevalence of somatic and psychiatric disorders among former prisoners of war, Aug 807-813
Psychiatry in the Army: a brief historical perspective and current developments, Apr 413-418

Commitment, involuntary

Arrest and incarceration of civil commitment candidates, July 729-734
Barring the state hospital door (law & psychiatry), Apr 351-352
Rx: a tincture of coercion in outpatient treatment? (open forum), Oct 1068-1070
Treatment effects of separate commitment laws for mental illness and chemical dependency, Apr 420-422
Voluntary or involuntary status of 50 adolescent inpatients, Oct 1062-1063

Communication

The problem with interpreters: communicating with Spanish-speaking patients, Feb 163-165. Also see Problems with interpreters (letters, reply), Aug 857-858
Using written communication with patient groups to promote behavioral change in chronic mentally ill patients, Mar 302-304

Community mental health centers

Essential and nonessential roles for psychiatrists in community mental health centers (open forum), Feb 187-189. Also see Psychiatrists' roles in CMHCs (letters, reply), Dec 1260-1261
Factors predicting inpatient length of stay in a CMHC, Aug 853-855
Improving case assignments and caseload management at a community mental health center, July 748-750
Medications for indigent patients (ideas), Sept 976
An outpatient eating disorders program in a

CMHC, Dec 1256-1258

Premature death among outpatients at a community mental health center, Dec 1248-1251
Typical mental health center has \$3 million budget, 2,800 clients, Oct 1078
Victims' services in community mental health centers (taking issue), Nov 1093

Community mental health services

Characteristics of seriously mentally ill adults in a public mental health system, May 518-525
Community psychiatry's changing role (the chronic patient), June 573-574
Community treatment for the chronically mentally ill (taking issue), Feb 117
Continuous care teams in intensive outpatient treatment of chronic mentally ill patients, May 503-507
Effect of evaluations of competency to stand trial on the state hospital in an era of increased community services, Aug 818-823
Noncompliance in community psychiatry: a review of clinical interventions, Mar 282-287
The program for public psychiatry: state-university collaboration in Colorado, Jan 44-48
Strategies for integrating public mental health services, Aug 797-801

Consumer participation

A self-help group for nervous and former mental patients, Oct 1055-1057
Mental health consumers as case management aides, May 494-498

Corrections and amplifications

For Comprehensive mental health services for deaf people with major mental illness, Oct 1057-1058, see Correction (phone number), Nov 1177
For D'Ercolo A, Skodol AE, Struening E, Curtis J, Millman J, Diagnosis of physical illness in psychiatric patients using axis III and a standardized medical history, Apr 395-400, see Correction (address), May 539
For Edwards NB, The head mnemonic (letter), Jan 96, see Correction, Apr 352
For Goldman HH, Morrissey JP, Ridgely MS, Form and function of mental health authorities at RWJ Foundation program sites: preliminary observations, Nov 1990:1222-1230, see Correction (for table 1), Jan 35
For Swanson JW, Holzer CE, Ganju V, Jono RT, Violence and psychiatric disorder in the community: evidence from the Epidemiological Catchment Area surveys, July 1990:761-770, see Violence and ECA data (letter about data interpretation and errors in tables), Sept 954-955
For Watsky EJ, Salzman C, Psychotropic drug interactions (psychopharmacology), Mar 247-256, see Clarifications in drug interaction tables (for tables 6 and 7), Apr 394

Crime

Arrest and incarceration of civil commitment candidates, July 729-734

A model hospital policy on prosecuting patients for presumptively criminal acts, Dec 1233-1237

New York State's system of managing insanity acquittees in the community, May 512-517

Prosecuting assaultive psychiatric inpatients, Feb 193-195

Victims' services in community mental health centers (taking issue), Nov 1093

Crisis intervention

Crisis debriefing of a jury after a murder trial, Jan 79-81
"Anyplace but the state hospital": examining assumptions about the benefits of admission diversion, Feb 145-152
Responses of mental health professionals to lay-offs, June 624-627

Cross-cultural issues

Mass phenomena at a black South African primary school, Aug 851-853
Psychiatry in Zimbabwe, Sept 943-947

Day treatment. See Partial hospitalization

Deafness, hearing loss

Comprehensive mental health services for deaf people with major mental illness, Oct 1057-1058. Also see Correction (phone number), Nov 1177
Issues in providing mental health services to hearing-impaired persons, Apr 380-389

Deinstitutionalization

Characteristics of patients who are resistant to deinstitutionalization, July 745-748
A personal memoir of the state hospitals of the 1950s, June 593-597. Also see State hospitals in the 1950s (letter, reply), Nov 1173-1174

Delivery of health care. See Service delivery systems

Delusions

Operation Desert Storm and delusions about the war among chronic patients in the community, Apr 419-420

Dementia

Antecedents and interventions for aggressive behavior of patients at a geropsychiatric state hospital, Mar 287-292
Group activity and cognitive improvement among patients with Alzheimer's disease, Aug 843-845

Diagnosis. Also see Dual diagnosis

Assessing the elements of biopsychosocial functioning, May 508-512
Assessment and diagnosis of borderline personality disorder, Oct 1021-1028
Autism and the pervasive developmental disorders (DSM-IV in progress), Jan 33-35
Can multiaxial diagnosis predict future use of psychiatric hospitalization? Sept 920-924
Diagnosis and treatment of psychiatric disorders in medically ill inpatients, Apr 389-394

Diagnosis of physical illness in psychiatric patients using axis III and a standardized medical history, Apr 395-400. Also see Correction (address), May 539

Diagnostic criteria for obsessive-compulsive disorder (DSM-IV in progress), July 679-680, 684. Also see Obsessions and compulsions (letter, reply), Dec 1261-1262

Dissociative experiences in the general population: a factor analysis, Mar 297-301

Hypomania and elation: a diagnostic dilemma (unusual case report), Jan 90-91

Frequency of symptoms and concurrent psychiatric disorder in Vietnam veterans with chronic PTSD, Mar 293-296

Most nursing home residents have mental disorders, Mar 530

Oppositional defiant disorder and conduct disorder (DSM-IV in progress), Nov 1099-1100, 1102

The organic disorders (letter, reply), Feb 199-200

Perspectives on human functioning (occupational therapy update), June 575-576

Prevalence of somatic and psychiatric disorders among former prisoners of war, Aug 807-813

Previously unrecognized physical illnesses in psychiatric patients, Feb 182-186. Also see Unrecognized physical illness (letter, reply), Aug 856-857

Refining criteria for posttraumatic stress disorder (DSM-IV in progress), Mar 259-261

Refining the concept of dysthymia (DSM-IV in progress), Sept 892-893, 896

Schizoaffective disorders (letter), July 755-756

Schizophrenia and axis II (letter), May 538

Stigmatizing labels (letter, reply), Mar 319

Substance use disorders (DSM-IV in progress), May 471-473

Dissociative disorders, symptoms

Dissociative disorders (letter), July 755

Dissociative experiences in the general population: a factor analysis, Mar 297-301

DSM-III-R, DSM-IV. See Diagnosis

Dual diagnosis

Bipolar disorder associated with an acoustic neuroma (unusual case report), Dec 1258-1260

Characteristics of patients attending an HIV-related psychiatric clinic, June 615-619

Comorbidity: a central concern of psychiatry in the 1990s (taking issue), Apr 345

Comorbidity and treatment outcome of inpatients with chronic combat-related PTSD, Aug 847-849

Comprehensive mental health services for deaf people with major mental illness, Oct 1057-1058. Also see Correction (phone number), Nov 1177

Day treatment for dual diagnosis patients (ideas), Sept 976

Diagnosis and treatment of psychiatric disorders in medically ill inpatients, Apr 389-394

Diagnosis of physical illness in psychiatric patients using axis III and a standardized medical history, Apr 395-400. Also see Correction (address), May 539

Frequency of symptoms and concurrent psychiatric disorder in Vietnam veterans with chronic PTSD, Mar 293-296

Highlights of the 42nd Institute on Hospital and Community Psychiatry (special report), Jan 11-17

Influence of substance abuse and mental disorders on emergency room use by homeless adults, Aug 834-838

Inpatient treatment of adolescents with psychiatric and substance abuse disorders, Sept 894-896

Issues in providing mental health services to hearing-impaired persons, Apr 380-389

Mental retardation and psychiatric disorders, Apr 374-379

Personality disorders in the public sector, May 481-487

Prevalence of dual diagnoses of mental and substance abuse disorders in general hospitals, Apr 400-403

Previously unrecognized physical illnesses in psychiatric patients, Feb 182-186. Also see Unrecognized physical illness (letter, reply), Aug 856-857

Psychiatric comorbidity: an introduction, Apr 373

Reliability of self-reports of alcohol use by community clients, Apr 406-408

Substance abuse among veterans with a diagnosis of schizophrenia, Sept 948-949

Substance use diagnoses and discharge patterns among psychiatric inpatients, Apr 403-405

Substance use disorders in patients with chronic fatigue, Sept 924-928

A survey of hospitals in New York State treating psychiatric patients with chemical abuse disorders, Dec 1215-1220

Treatment cost and rehospitalization rate in schizophrenic outpatients with a history of substance abuse, June 609-614

Utility of a symptom checklist for detecting physical disease in chronic psychiatric patients, May 531-533

Eating disorders

Caffeine consumption in patients with eating disorders, Mar 313-315

Combining modalities to treat a young woman with a history of bingeing and purging (treatment planning), July 691-692

An outpatient eating disorders program in a CMHC, Dec 1256-1258

Taste, food exposure, and eating behavior (psychology update), Aug 787-789

Economics. Also see Financing; and Managed care programs

"Anyplace but the state hospital": examining assumptions about the benefits of admission diversion, Feb 145-152

Articulating the case for equitable mental health coverage (taking issue), May 453

Clozapine's cost-benefits (letters, reply), Jan 92-94

Conversion of inpatient mental health benefits to outpatient benefits (economic grand rounds), June 570-572

Determining a fair price for inpatient psychiatric care (economic grand rounds), Feb 139-140. Also see Benefits of inpatient

care (letter), June 639

Ensuring highest-quality care for the cost-coping strategies for mental health providers (economic grand rounds), Aug 774-776

Entry-level compensation for psychiatrists (economic grand rounds), Oct 1003-1005

Highlights of the 42nd Institute on Hospital and Community Psychiatry (special report), Jan 11-17

Increased mental health costs attributed to inpatient care of substance abusers, juveniles, Mar 328-329

No free lunch: limitations on psychiatric care in HMOs (economic grand rounds), Apr 363-365. Also see Limits on HMO benefits (letter), Sept 955

Power and governance issues in general hospital psychiatry, Nov 1169-1172

Sandoz guidelines for clozapine monitoring called too restrictive, May 545. Also see Cost of monitoring clozapine (letter), Sept 955-956

Sandoz to unbundle clozapine from CPMS, Jan 101
